

CorelDRAW® Volume Licenses for Enterprises and Government Agencies

Simple – Flexible – Cost-effective

When it comes to purchasing software, your organization deserves the flexibility to make the right choice for its needs, which is why we don't believe in a one-size-fits-all approach to licensing. You decide whether to obtain CorelDRAW products as a perpetual license or a subscription.

We offer an easy to understand volume scale and discount regardless of the way you choose to purchase. And when compared to single box purchases, or downloads, CorelDRAW license agreements are not only less expensive, they can provide your business with greater flexibility, and can provide increased security options that make installation and management easier on your IT team, particularly when combined with best-in-class CorelSURE Software Maintenance.

Lease or Purchase – The Choice is Yours

Subscription License

CorelDRAW subscription for volume licenses offers flexible annual payments based on the number of seats needed, providing the lowest up-front costs. The lower annual payment plan and accessible levels ensure your Business is always using the most up-to-date version of the products.

Perpetual License Options

Single License

As a perpetual single license user, you only need to pay once for the right to own the software, which can make a real difference to a small business managing its cashflow. However, to stay on the latest annual CorelDRAW release, a new Upgrade Program (see below) is now available. When adding this program to the license purchase, customers can continue to make a simple annual payment, which ensures they benefit from the lowest available upgrade price whilst enabling them to use the very latest features and technology. Plus, by eliminating the need for purchasing physical boxes of software, companies can gain improved control and compliance across a Corporate network.

NEW Upgrade Program

If you are a small business that requires a single user license, you have the option to add the NEW CorelDRAW Upgrade Program. The CorelDRAW Upgrade program is an affordable way to stay current on all of the latest features. It is an easy-to-own, annual payment plan, which you can add on as an extension to your license, which means that you'll get the latest version of CorelDRAW when it becomes available, as long as your account is active. This annual program ensures you'll be using all the latest product tools and enhancements, as well as have the very latest Windows OS support, at the lowest 'new version' price. You can sign up once and then forget about it. Unlike a subscription model, if you discontinue your Upgrade Program, you are still entitled to own and continue to use the last version of the CorelDRAW product that you purchased.

NEW Enterprise License

A new CorelDRAW Enterprise license is available for businesses that require 5 or more license seats. As a perpetual license it still provides outright ownership rights, but automatically includes CorelSURE Software maintenance, which ensures that your business will always be working on the very latest technology. This comprehensive maintenance cover also provides what you need to succeed by offering support, advanced controls, exclusive offers and more. You can appreciate these benefits immediately and throughout the lifetime of your CorelSURE agreement. The full benefits of CorelSURE Maintenance are explained overleaf.

Volume Discount Levels

Licensing for CorelDRAW products begins at one seat and scales from there. Plus through our various contracts and agreements, government agencies and non-profit organizations have access to pricing that does not exceed Enterprise License Level 3 (251+ seats).

	Level	Number of Seats
CorelDRAW Business Single-user license	1	1+
CorelDRAW Enterprise Level 1	2	5-50
CorelDRAW Enterprise Level 2	3	51-250
CorelDRAW Enterprise Level 3	4	251+

CoreISURE Software Maintenance – inclusive with the Enterprise perpetual License

A Promise to Your Team's Future

The CoreISURE Software Maintenance program is designed to ensure you the greatest possible return on your CoreIDRAW Enterprise license, while minimizing your risk. CoreISURE provides the support, resources, and peace of mind employees need to do exceptional work and produce extraordinary results.

What you get with CoreISURE

- **Up-to-the-minute upgrades**
CoreISURE guarantees you access to new upgrades of CoreIDRAW products the moment they're live - so your team will always be working with the most powerful, secure and current set of tools.
- **Discounting and price protection**
Growth and expansion are hallmarks of a company's success. Your software shouldn't penalize you for them — and with CoreISURE, it won't. Cumulative license discounts are included with your membership meaning your organization will benefit from further cost savings if additional licenses need to be added later on.
- **Centralized control & compliance**
CoreISURE gives you control over your software distribution and activity. Your IT administrator has the flexibility to provision, track and deploy the software based on your organization's security requirements, plus with a single key you can install multiple copies, enabling a smoother, faster, centralized deployment.
- **Version flexibility**
You don't need to have the latest version of your software to enjoy the benefits of CoreISURE. CoreISURE allows you to license the previous version of your CoreIDRAW product and upgrade gradually.
- **Global licensing and language support**
CoreISURE makes it easy for your business to respond to the demands of a global marketplace and workforce. You can request any available language you need, and your benefits will be extended to all licenses you acquire during your coverage period, without additional cost or effort.
- **Platform virtualization**
With the help of common virtualization technologies, CoreIDRAW products support desktop virtualization as part of CoreISURE software maintenance. This offers you additional flexibility in deployment.

- **Quick start launch guidance**
New deployments executed correctly mean fewer issues downstream, so with CoreISURE, you'll receive a dedicated team guiding you step-by-step through the launch process, setting you up for problem-free success from the get-go.
- **Invite-only opportunities**
With CoreISURE, you'll have access to exclusive webinars, training sessions, events and more, led by internal experts and real-world power users who can help you develop your skills, build your network and maximize your software's potential.
