PitStop Pro | PitStop Server

Vse cene veljajo za **eno licenco**.

Tako imenovane "**floating licence**" je dovoljeno namestiti na neskončno število računalnikov, omejitev velja le za hkratno število delujočih. Nakup letnega vzdrževanja je obvezen!

Kupec, ki **kupi "vzdrževanje"** dobi pravico do brezplačnih nadgradenj v obdobju 1 leta + podporo z odzivnostjo 24 ur. Po poteku "vzdrževanja" ostane zadnja prenešana verzija v lasti kupca. Nakup "vzdrževanja" se lahko opravi tudi naknadno, po nakupu licence, vendar samo do uradne napovedi nove verzije. Veljavnost "vzdrževanja" je 1 leto, ne glede na datum nakupa.

Kupcu, ki **obnovi "vzdrževanje"**, ni potrebno ponovno kupiti licence. Obnova "vzdrževanja" se lahko opravi tudi naknadno, vendar samo do uradne napovedi nove verzije. V vsakem primeru se plača za 1 leto in to od dne poteka veljavnosti zadnjega "vzdrževanja".

Program si **prenesete** s spletne strani www.enfocus.com in sicer kot preskusno verzijo in pri inštalaciji vnesete serijsko številko.
